

Spot Welding Machine

Plant of NRW Central Laboratory for Battery Technology

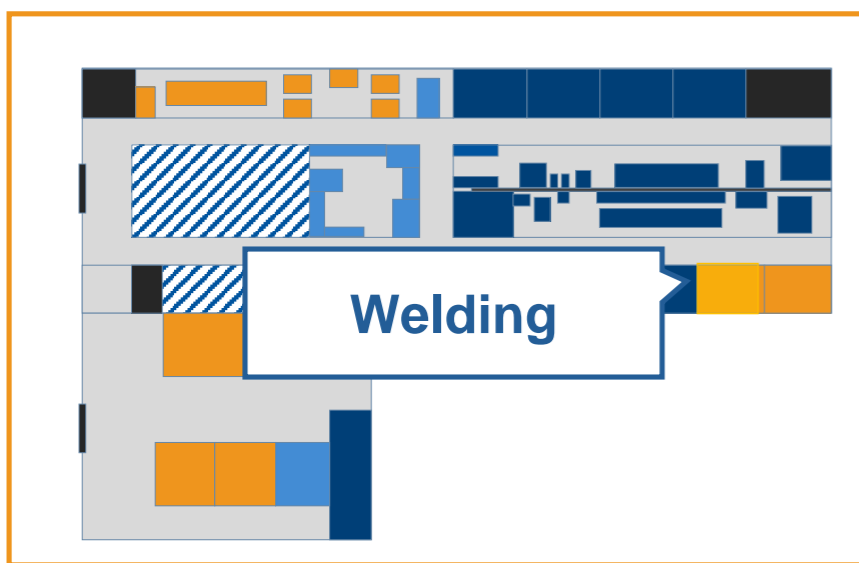

Costs:

Hourly rate:
18,87 €

Daily rate:
150,94 €

Technical specifications

Building No. 4733, First floor, Room No. 034

Spot welding machine of the type Myachi FS-120S, M2L/400:

- Double welding head for one-sided welding
- Can be used for contacting battery cells
- Welding head for joining metal sheets
- Mechanical adjustments to the system can be easily implemented
- Extremely precise
- Less component distortion

Qualifications required for operation

- Introduction to the machine by the rental company

Fields of application

- Spot welding for connecting electrical and mechanical components
- Electrical contacting of cells in battery modules by spot-welding of arresters
